

# Kópavogur 's Primary Schools

## **Enrolment in Kópavogur 's primary schools for the school year of 2024 – 2025**

Enrolment of six-year-old children (born in 2018) is now entirely through the service portal of Kópavogur.

<https://thjonustugatt.kopavogur.is>

The enrolment for the next school year has been opened and will last until March 8, 2024.

During that same time the enrolment for children who are moving between school districts, those moving to Kópavogur or from private schools, takes place.

Subscription for school meals and summer stay at the recreation centres (Frístund) will be advertised later in the spring. Parents will receive an e-mail from the school when the time comes.

In the fall 2024 schools will start on Friday August 23. Further information on school calendars can soon be found on websites of each school.

**Please note that the deadline for applying for permission to study in private schools or other compulsory schools of other municipalities is until April 1, and application is entirely through the service portal of Kópavogur. Students who are currently in such schools need to be re-applied if they are expected to be there next winter.**
